

## Electronic Volume-Weight Apparatus

Model: GHCS-1000 series

### ● Technical Parameters

Max weighting: 1000±2g      Power: 220V, 10W, Chargeable.  
 Min weighting: 100g      Environment temperature: 5-40°C  
 Resolution: 1g      Relative humidity: <90%RH  
 Volume-weight bucket volume: 1000±1.5ml  
 Blanking mouth diameter: 40mm(Big Grain) ;30mm(Small Grain)  
 Measuring mode: combined measurement  
 Overall dimension: 530\*230\*405mm      Weight: 12g

### ● Model Difference

GHCS-1000	Small grain electronic volume-weight apparatus
GHCS-1000(P)	Small grain electronic volume-weight apparatus (with printing function)
GHCS-1000B	Large grain electronic volume-weight apparatus
GHCS-1000B(P)	Large grain electronic volume-weight apparatus (with printing function)
GHCS-1000A	Dual purpose grain electronic volume-weight apparatus
GHCS-1000A(P)	Dual purpose grain electronic volume-weight apparatus(with printing function)
